

OUR CUSTOMERS!

We have put together a menu, for you, your neighbours or loved ones during this time of uncertainty for lunchtimes and evenings. This is a basic, hearty menu that we have created, all freshly made. We will also leave instructions with regards to refrigerating/cooking guidelines if needed. We are happy to cater to dietary requirements where possible. With enough notice we can cook and prepare meals by request as well.

We can arrange for CONTACTLESS pick up/delivery as we can take payment over the phone. We can also arrange for cash to be put in an envelope if needed.

We are no longer trading during the day, due to it not being safe/fair on our fellow residents.
