

POLITE CUSTOMER NOTICE

We look forward to welcoming you back to our establishment, safely from the 4th July - we have plenty of open air, outdoor seating for you to enjoy at a safe distance from others.

Things wont quite be the same as before, until this pandemic is over. We have reduced our menu due to minimising our staffing levels in the kitchen, and to keep stock levels low. However, one thing we can be certain of - there will still be lots of yummy dishes for you all the enjoy!

1. We can no longer accept dogs indoors (outdoors is fine)
2. Our car park, as it stands from the 4th July, has been transformed into our new food courtyard due to limited spaces available inside - no cars permitted
3. Takeaways are still available, including takeaway Afternoon teas (limited menu)
4. Lots of signage and floor markings have been put in place to help you follow our systems easily
5. Toilets will be open, however one will be assigned to 'staff only' to minimise the spread (disabled and baby changing still available inside on request)
6. Toilets will be available for 'customers only' in order to avoid long queues
7. If sitting inside, you will be asked upon booking to provide personal information to help with the new track and trace system, If outside you will be asked for this information upon before being sat down to a table - this will be destroyed after 21 days through a paper shredding machine (failure to do so will result in you not being able to sit inside) This information will go no further and will not be used for any marketing gain. We simply need your full name, time of arrival and your number in order to comply with government guidance
8. If you have booked a table you will need to enter through the middle queue lane
9. 2 hours maximum on all tables
10. Windows will be open for ventilation
11. Table service inside, please only leave your seat for emergencies or if you need the toilet
12. Payments will be made at the table for inside diners
13. Payments will be made at the till point upon ordering for outside diners
14. Contactless preferred

We do politely ask that if you have any symptoms of COVID-19, or have been in close proximity to people with COVID-19 within the last 14days that you do not enter our premises until you have been tested and free from the virus.
