

OUR CUSTOMERS!

We have put together a menu, for you, your neighbours or loved ones during this time of uncertainty for lunchtimes and evenings. This is a basic, hearty menu that we have created, in order to make it possible to do, but made freshly everyday. We will also leave instructions with regards to refrigerating/cooking guidelines if needed. We are happy to cater to dietary requirements where possible. With enough notice we can cook and prepare meals by request as well.

We can arrange for CONTACTLESS pick up/delivery as we can take payment by card over the phone. We can also arrange for cash to be put in an envelope if needed.

Our opening times are as normal whilst business is running as usual. Please call if you have to isolate and would like a delivery, or would like to pick up a takeaway off our normal menu from 18/03/2020 onwards.

We will start this 'new' menu when/if our usual daytime business is no longer able to run. This will be done by word of mouth, emails and social group chats.
